Forecast for Thursday 22 Sep 2022

Weather: Overcast and windy with outbreaks of heavy rain at first, the rain soon dying out and skies brightening during the morning. Sunny spells and isolated light showers then developing through the afternoon, a few clear spells in the evening with a patchy low level mist and fog possible by midnight.

Chance of cloud-free hill tops above 800m: Nil to 20% at first, becoming 90% in the afternoon.

Low Cloud and visibility: Extensive cloud, base 300 to 600m, at first, lifting and breaking near or above the summits, patches or occasional cloud, base around 1200m through the afternoon. Visibility moderate or poor at first, and very poor at height. Becoming very good by the afternoon.

Met Office Aberdeen Meteorologist's View
An improving day after a poor start. Some uncertainty of how quickly conditions improve in the morning.

Forecast for Friday 23 Sep 2022
Weather: Low cloud, mist and fog possible in the glens overnight, this clearing during the morning. Otherwise a bright day with occasional sunny spells and the chance of a shower.

Maximum wind: Northwest 10 to 15mph.

Chance of cloud-free hill tops above 800m: 40% overnight and early morning, becoming 90% by afternoon.

Low Cloud and visibility: Occasional or extensive cloud overnight and early morning, mainly low down with the higher summits clear. The cloud lifting and breaking near or above the summit by afternoon, base around 1200m. Visibility poor or very poor in any early low cloud, mist and fog, becoming very good by afternoon.

Temperature: **Glens:** Plus 5 Celsius rising to 16 Celsius
At 800m: Plus 3 to 8 Celsius
Freezing level: Above the summits
